User Manual

1. Begin the game by selecting "Enter".

2. Enter the number of players using the keyboard and select "Start".

3. Select a question from the game board and answer the question by selecting a number from the keyboard. Press "Enter" on the keyboard to return to the game board.

4. If playing with more than one player, pass the keyboard to the next player and allow the next player to select a question.

5. Repeat steps 3 and 4 for each player until one player reaches 1500 points. The winner and final points of each player will be displayed.
